

The Flexible Thinker

The Human Obstacles to Project
Management

PMI - CTT

December 2, 2009

Agenda

- Differentiate between the obstacles that stop projects and those that are the reason for it.
- Apply tools to overcome those obstacles
- Change your thinking forever

Change Your Brain!

- Your brain is like a map and sometimes you need to build new roads
- The 'aha!' moment means that there has been a change in the neural pathways
- You have discovered a new way of thinking

Our Project
